FREE YOUR PRACTICE TO BE MORE PROFITABLE

[insert image of busy dental office, front desk person perhaps talking to patient]

Your business relies on technology for:

- Patient communication
- Scheduling
- Imaging
- Record-keeping
- Financials
- HIPAA and medical record compliance

JOIN 2,000+ TOP PRACTICES ACROSS THE SOUTHEAST

[insert image of successful, attractive middle aged dentist]

Over 2,000 dental practices across the Southeast rely on Advanced Automation to focus on the technology, so they can focus on their patients. We offer you a powerful personal commitment as your technical service team that frees you to:

- Enjoy work uninterrupted by computer, scanning, Internet and printer troubles
- Focus on patient relationships—not databases, routers and HIPAA compliance
- Automate practices that help you become more profitable

ENJOY MORE PEACE FOR YOU, MORE PROFIT FOR YOUR PRACTICE

[perhaps another image of high tech, beautiful, high-design practice]

We understand it's you, the dentist or dental partner team, that bears the brunt of the worry when technical issues plague the practice. You envision a business where repeat patients are efficiently served with the latest solutions. Your office hums and patients tell their friends. You can afford to hire the best because income is effectively channeled to your bottom line. Compliance is something you're secure about. And you don't wait on the computer. That's an office with **Advanced Automation**.
